The Board

New Sofas and Furniture

Background

The current office furniture consisting of sofas and armchairs has been in the LUS office for many years, according to tales and photographs. The furniture is now rather worn-down, and replacing it with new furniture is in order. We aim to replace the sofa and armchairs with new ones from IKEA. The Landskrona series seems to be appropriate as it has a 10 year warranty and leather cover options.

Suggestions

Having discussed this, LUS board therefore suggests

that the LUS board should be allowed to make the investment of 27 400 kr, as suggested below.

that the money should be taken from the Inventariefond.

that if the money in the Inventariefond is not sufficient, any additional expenses should be filed under 6991, Diverse övriga kostnader

| What | Price (kr) | Motivation for purchase |
|-----------------------------|------------|--|
| IKEA Landskrona 3 sits sofa | 8 000 | The current sofa is very old and dirty and should be upgraded. |
| Four Landskrona armchairs | 17 200 | The current armchairs are very old and dirty and should be upgraded. |
