Ting

Lunds universitets studentkårer
Alexander Nymark
Vice ordförande

Val: Kandidatur Forskarutbildningsnämnden

Hampus Poppius har kandiderat till studentrepresentant till forskningsutbildningsnämnden:

”I would like to represent the PhD students in the FUN because I believe it is needed and that I am suitable for the position. I have been a PhD representative at the corresponding committee at the faculty level at the school of economics and management, where I have learnt the general procedures for decision about the education. In that committee I did not only understand how important representation can be, but also how to communicate the students' needs to the directors.”

I tjänsten,

Alexander Nymark
Vice ordförande
