Hello Christina,

I am sending you this email to express my interest in becoming active in the NanoLund Board, specifically, as a student representative.

My name is Mattias Åstrand and I am a first year master's student following the nanoscience programme. This is my fourth year in Lund (I studied here for my bachelor's degree as well) and I would enjoy the possibility to share the experience that I have gathered so far with fellow students. Becoming active in a university organisation such as NanoLund seems like the perfect opportunity for this.

Let me know if there is anything else that you require of me.

Best regards,
Mattias Åstrand
